Children's Lighthouse of Frisco is happy to welcome family members to its Back to School 2024-2025 open house on Saturday, August 10.

Parents and guardians will have the opportunity to meet their children's teachers, tour the classrooms and take a deep dive into the curriculum. There will be festivities for everyone, including a visit from Sesame Street characters who will be joining to dance with the children and make the day extra special.

The open house will provide families with the necessary resources to be prepared for the upcoming school year and smoothly transition back into the school routine.
